Local 1778

December 2, 2004

To All Members;

On December 1, 2004 the United Transportation Union locals 1778 and 1923 [trainmen] and Canadian Auto Workers Local 110 [enginemen] of the former BC Rail, signed an agreement with Canadian National Railway, for the intent of integrating the two railways.

The next step is to resolve employee seniority issues between the former BCR and CN. Step two will be the process to integrate, dates of implementation, and other details that still need to be agreed to. There will be more meetings between the Unions and the Company soon.

Solidarity Forever.

A handwritten signature in black ink that reads 'John Holliday'.
